The KIOSK shown was built for a local realty client. Imagine your kiosk with up to 11 terminals, each with its own screen keyboard and mouse and speakers for sound delivering your special message 24/7 at any event or local mall. A 5 display unit hardware only is. \$4000. Each monitor is 19 Incls LCD, and prospective clients could print the house of their choice on a local printer with your contact info. The display with DSL/Cable service can be remotely updated. So why not give us a call to discuss your needs?
